## Local Business Men To Cooperate In Sale Of Bonds

And War Saving Stamps in Conjunction With Opening Of Nation-Wide "Retailers For Victory Campaign"

The local Chamber of Commerce received from Hon. Benjamin H. Namm, Chairman of the Retail Advisory Committee of the United States Treasury Department, a telegram asking that all retail merchants be asked to cooperate in a nation-wide tribute to America's War Effort, on July 1st at 12:00 o'clock, noon, by suspending the sale of merchandise for fifteen minutes and devoting this brief period to the sale of war saving stamps and bonds exclusively.

This is in conjunction with a program to launch a nation-wide campaign of "Retailers For Victory." Mrs. Jenks, Secretary of the local Chamber of Commerce, has contacted the merchants and business men of Bay St. Louis, and the following business establishments have pledged their cooperation and will suspend all business on July 1st at 12:00 o'clock noon, for fifteen minutes and will devote this time to the sale of stamps and bonds.

The business establishments who have pledged their cooperation are as follows:

## DRIVE FOR ARMY AND NAVY RELIEF FUND AT A. & G.

\$112.75 was the amount collected in the A. & G. Theater for the Army and Navy Relief and a check for this amount was sent to S. H. Fabian, 1501 Broadway, New York City, who is treasurer for the Theater's Drive which was sponsored by theaters throughout the country.

The drive was conducted for May 14th through the 20th but it was extended through Sunday the 24th, and the following school girls and girl scouts made the collections: Audrey Favre, Vivian Givens, Carol Stevenson, Edith Wheat, Alma Sick, Shirley Cassidy, Julie Elliott, Thelma Thomas, Estelle Finhold, Gene and Patricia Robin, Irma Kenney, Kay Ford, Norma Favre, Delta Kimball, Barbara Thomas, Virginia Seal, Barbara Ann Treastour, Betty Colson, Patsy Cox, Thelma Namias, Rosemary Piazza, Ruth Tudury, Joyce Middleton, Clare Penick, Myrtle Cook.

These girls deserve much credit for their fine spirit of cooperation in helping to make this drive possible.

## Injured Monday In Fall From Bicycle

Charles Carter, Jr., ten year old son of Mr. and Mrs. Charles Carter, Sr., suffered a head injury and body bruises when he fell from his bicycle while riding on Second Street between Court and Main streets early Monday afternoon.

Charles was taken to the Kings Daughters Hospital where he remained in a semi-conscious condition for several hours. However, he was later declared out of danger and kept in the hospital overnight but was permitted to return to his home on Tuesday afternoon.

Charles is an honor student of St. Joseph's Academy, possessor of a splendid voice and is quite a handsome youngster. His speedy recovery is hoped for by everyone.

## Bay St. Louis Boys Receive Recognition At University of Mississippi

Walter James Phillips, son of Mr. and Mrs. M. A. Phillips of Bay St. Louis, has been selected to take the advanced course in R. O. T. C. to be offered at the University of Mississippi for the next school session.

Walter James is a first-year law student at Ole Miss and is a member of the Catholic Club.

Mark Solomon, also of Bay St. Louis, is the first alternate in line to be promoted to the Advanced Corps of the R. O. T. C., if one of the selected group fails to meet the requirements. Mark is the son of Mrs. Margaret Backman of Bay St. Louis and is a sophomore in the College of Liberal Arts. He is a member of the Flying Rebels and the Catholic Club at Ole Miss.

## VALEDICTORIAN BAY HIGH SCHOOL GRADUATING CLASS

Miss Evelyn Taconi, daughter of Mr. and Mrs. James A. Taconi, Jr., is valedictorian of the 1942 graduating class of Bay St. Louis High School. She entered Bay High in her sophomore year having previously attended St. Joseph's Academy. The esteem in which she is held by her fellow students was demonstrated when she was elected Queen of the May Festival.

The parents of this young lady have just cause to be proud of her accomplishments, and we extend to her our congratulations and best wishes.

## SALUTATORIAN BAY HIGH SCHOOL GRADUATING CLASS

Miss Dorothy Arendale, daughter of Mr. and Mrs. V. A. Arendale of Logtown, is Salutatorian of the 1942 Graduating Class of Bay St. Louis High School. She attended grammar school at Logtown and has attended Bay High for the past four years.

She is Editor of the Student Prints school paper and was a member of the debating team. Some of her essays have received state-wide recognition and she has been a credit to her school and to her parents. Miss Arendale is a granddaughter of Mr. and Mrs. C. W. Fountain of Logtown.

We wish to extend our congratulations and best wishes to this young lady.

## SON OF FORMER WAVELAND RESIDENT AWARDED DISTINGUISHED SERVICE CROSS BY PRESIDENT

ROBERT CLARK BOURGEOIS

As Brigadier General Jimmie Doolittle's Air Squadron speeded over Japan dropping tokens of esteem from the United States Army, little did we dream that the son of one of Waveland's former residents was included in this group.

Robert Clark Bourgeois, 24 year old bombardier of the United States Army Air Force, is the son of Mr. and Mrs. Robert M. Bourgeois, and the grandson of the late Mr. and Mrs. Louis S. Bourgeois of Waveland. Robert is a member of the bombardment group commanded by Brigadier General James H. Doolittle, and volunteered his services together with 78 others to bomb Japan.

This young man graduated from Warren Eastern High School and Delgado Trades School in New Orleans. He enlisted in the army three years ago and prior to leaving this country he was stationed in Florida.

His many relatives and friends of his family are happy to have received the news of the accomplishments of this brave young man. President Roosevelt awarded him and 78 others, the "Distinguished Service Cross."

## Mrs. John A. Green, Jr., Re-Elected President Of S. J. A. Mothers' Club

Mrs. John A. Green, Jr., was re-elected president of the St. Joseph Academy Parents Club at their May meeting held at the Academy on last Friday afternoon, with Mrs. Horace L. Kergosien, vice-president, and Mrs. T. M. Hendrix and Mrs. C. F. Stevenson re-elected treasurer and secretary respectively.

At this meeting the Club voted payment of its pro-rata of dues of the Bay St. Louis District of the National Council of Catholic Women, and also to furnish refreshments for some of the soldier dances with several of the members acting as hostesses as was agreed upon by most of the organizations in Bay St. Louis in an effort to assist the Recreational Project to entertain the ever-increasing number of soldiers who come to Bay St. Louis.

Arrangements were also made at the meeting for the purchase of the medal awarded annually to a scholar in the Academy at the commencement exercises.

After the business meeting, the Sisters of St. Joseph served delicious sandwiches and ice cream and cake to the ladies present and a pleasant social hour was enjoyed.

This was the last meeting of the session, the club voting not to meet during the months of June, July and August.

## MEMORIAL DAY SERVICES AT METHODIST CHURCH

## CHEST CLINIC HELD AT LOCAL KINGS DAUGHTERS HOSPITAL

Under Direction of Technician from State Sanatorium and County Health Department

Dr. C. M. Shipp, Director of the Hancock County Health Unit, advises us that on Monday, May 25th, the Local Health Department in cooperation with the State Sanatorium at Sanatorium, Mississippi, held a Chest Clinic at the King's Daughters Hospital in Bay St. Louis.

The authorities at Sanatorium offer to the citizens of Hancock County through the County Health Department, twice each year, a regular Chest Clinic serviced by Clinicians and X-ray Technicians from State Sanatorium.

On Monday 26 patients were examined. These clinics are available to the people of Hancock County who are in need of this type of examination and to those who have been living in times where chest infections once existed, or to those who are extremely below par physically.

This is a meritorious work and has been carried on by the officials of State Sanatorium and the County Health Units for quite a number of years.

## MEN CALLED TO SERVICE TO BE GIVEN FURLOUGH

Of 14 Days As Soon As Inducted

An automatic fourteen day furlough permitting inductees to return to their homes to complete business and other personal affairs is to be given following induction, Major Lawrence W. Long, acting state director of the Selective Service System, has announced.

Under the new procedure, which replaces the present system of granting inductees ten-day furloughs, as soon as an inductee has been qualified at the induction station and accepted by the armed forces, he will be relieved from active service and allowed to return home for the 14-day period at government expense.

"If an inductee wishes to immediately enter upon his military duty following induction and not take advantage of the furlough which is granted without any sort of investigation by the Local Board, he may do so," Major Long explained.

"This new policy is designed to alleviate the hardship imposed upon inductees men who do not know whether they will be accepted for military service until they have completed their physical examination by the armed forces at the induction station," the director said.

Upon expiration of the 14-day furlough period, the reservist will be ordered to active duty with the armed forces. The Army will furnish transportation, meals and lodging of such reservist enroute to the city in which the local board is located and from the point to the induction center.

"Many of the disadvantages of the present system will be eliminated in the new procedure," Major Long said. "Every man who wishes to return to his home will be given the opportunity to do so without being required to establish his reasons for returning. Investigation and recommendation by the local board is no longer necessary. Reservists will be released from service at the induction station instead of the reception center."

## Hancock County Library Board Elects Mrs. Lucien M. Gex President

The Hancock County Library Board met at the home of Miss Louise A. Crawford on Tuesday morning. The following officers were elected for the ensuing year: Mrs. L. M. Gex, president; Mrs. J. Roland Weston, vice president; Mrs. C. L. Horton, treasurer; Miss Louise A. Crawford, secretary. The other members of the board are Mesdames M. W. Briggs, Carl Marshall, George E. Pitcher, William Watts, John Weston, Edouard C. Carrere, and H. Grady Perkins. It was decided that the June Book Review would be on June 23 at 10 a. m. at the Episcopal Parish House.

More than sixty books for children recently sent the library by Miss Margaret McEldey were on display in the library until June first when they will be put on the shelves for circulation. This was a most generous gift to the library, and would have cost the library \$121.00 had they been purchased.

At the close of the meeting, refreshments were served and the group was treated to several musical selections on the piano and cello by Mrs. Caroline Dale Snedeker and Mrs. Nina Stillwell.

## High Schools Of Bay St. Louis To Graduate Ninety-Five Students

This Week—Marks Closing of Scholastic Year For St. Stanislaus, St. Joseph's and Bay High

## SUPERINTENDENT BAY ST. LOUIS CITY SCHOOLS

S. J. INGRAM

Professor S. J. Ingram has been superintendent of City Schools in Bay St. Louis for a period of sixteen years. He has been reelected for two more years.

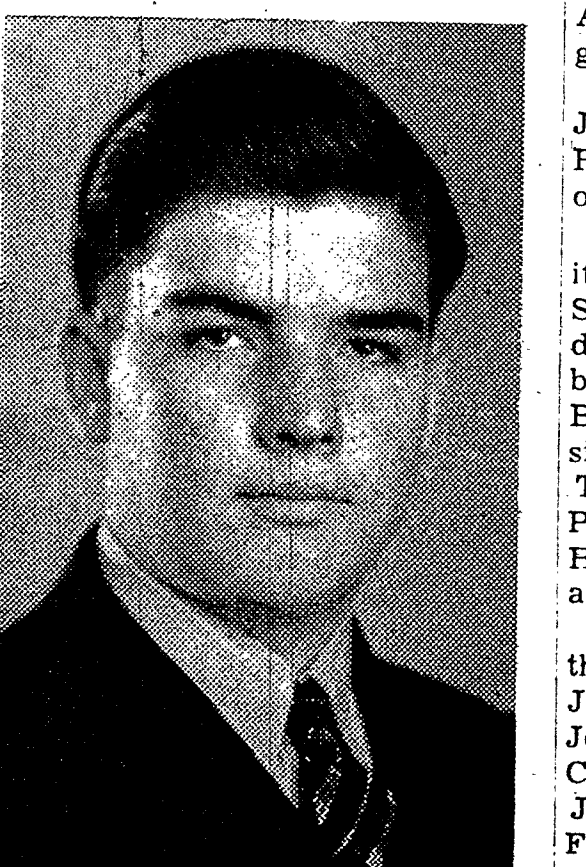

This year there are forty graduates from Bay High. The first year that Mr. Ingram took charge of the schools there were only forty students in the entire High School.

This year there were six hundred and fifteen children in the City Schools.

That he is a good school man and is attentive to his duties, is attested by his long tenure of office.

## SON OF FORMER RESIDENTS OF KILN—GRADUATES

With Honors From Pica-yune High School

CHESTER AVNEL TRAVIRCA, JR.

Graduation exercises for the Pica-yune High School were held on Tuesday night, May 26, 1942, and in the class of boys and girls numbering 47, one of the outstanding members of this large class was Chester Avnel Traverica, son of Mr. and Mrs. Chester Traverica, former residents of Kiln.

Chester, Jr. was an outstanding student. His sixteenth birthday was on May 19. He was the winner of the composite code of Ethics for High School boys, which is awarded annually by the Pica-yune Rotary Club to the boy who most nearly lives up to the code of ethics.

Chester, Jr. formerly attended Kiln High School.

He will matriculate at Mississippi State for the coming year.

This young man is a nephew of County Supervisor Lander H. Nease of Kiln.

## Trapping For Muskrats Closed In Hancock County During Coming Season

The State Game and Fish Commission has issued public notice of the regulations fixing the open and closed season on all species of game and fur-bearing animals. There is very little change in the regulations from last year, with the exception that in the counties of Jackson, Harrison and Hancock the season will be closed this year for the taking of muskrats.

Bay St. Louis can be regarded as a city of schools. The children of this city have every opportunity to receive an education. We have in this city a population of 4,500 people, three accredited high schools: Saint Stanislaus College, Saint Joseph's Academy and the Bay St. Louis High School. These three institutions will graduate a total of ninety-five boys and girls this week-end.

Saint Stanislaus is operated by the Brothers of the Sacred Heart, Saint Joseph's Academy by the Sisters of the Order of Saint Joseph, and the Bay St. Louis High School by the municipal authorities.

This week marks the closing of the scholastic year for these institutions. On Friday night graduation exercises will be held at the Bay St. Louis High School and Saint Joseph's Academy.

At Bay High School there are 40 graduates. The graduating class will be addressed by Superintendent A. L. May of Perkinston Junior College. The salutatorian for the class of 1942 will be Miss Dorothy A. Endale of Logtown, and the valedictorian will be Miss Evelyn Taconi of Bay St. Louis. The graduates are as follows:

Dorothy Arendale, James Arisley, Helen Biehl, Gail Bourgeois, Giles Burg, Jr., Bertrand Capdepon, Zedie Capdepon, Russell Chapman, Beatrice Chinich, Lorraine Chima, Rita Cooney, Gloria Curet, Jack Gariga, Lando Goldman, Dorothy Heitzmann, Margie Heitzmann, Amelia Marneri, C. C. McDonald, Grayson Miller, Ulsie Moran, Dorothy Murphy, Lynn Nolan, Billy Olson, Sylvester Pagano, Milton Phillips, Horace Ruhr, Ruth Sanford, Clarence Schwartz, David Sharp, Leo Seal, Frances Spear, Evelyn Taconi, Jewel Toal, Vivian Mae Toal, Aubrey Toca, Anthony Trenticosta, Bob Temmerman, Jack Weston, Shirley Laurence and Ada Mitchell.

At Saint Joseph's Academy the address to the graduates will be delivered by Major Patrick E. Nolan, Chaplain at Keesler Field. The salutatorian will be Miss Marie Louise Schayot of Phoenix, Louisiana; and the valedictorian will be Miss Rosalie Ambler of Pass Christian. The graduates are:

Nathalie Buehler, Elaine Lamar, Jackie Cuevas, Gladys Capdepon, Rosalie Ambler, Marie Louise Schayot.

Saint Stanislaus College will hold its 88th Commencement exercises on Sunday morning, May 31st. The address to the graduating class will be delivered by Rev. Father William Barker, S. J., of Loyola University of the South at New Orleans.

The salutatorian will be Arthur Perez and the valedictorian will be Hugh Martin Kiefer. The 49 graduates are as follows:

Joseph H. Armour, Jr., Luke Anthony Benigno, Felix A. Blanghard, Jr., Elmer Breeswood, Stuart Burris, Joseph C. Claire, Edward Gayle Carrio, Joseph H. Cimo, Jorge Clare, J. George Joseph Comeaux, Jr., Fletcher Daniels, Dick Freeman, Andrew V. Friedrichs, Jr., John Eugene Funk, Carlos Joseph Green, Jr., Fernand M. Gouxau, Jr., Lawrence Hebert, Theodore James Heller, Leo Robin Indest, Hugh M. Kiefer, Edward G. Koch, Jr., John H. Lang, Paul Evans Maloney, C. Roland Martin, Francis M. Mattie, Jr., Kenneth Ward McAuliffe, John Patrick McConnell, Ben J. Moise, Edwin F. Moise, Charles B. Mollere, Olo Mollere, Edward D. Murtagh, Jr., James H. Neacise, Clifford F. ### A LONG SERVICE

NEXT Sunday, Saint Stanislaus will close its eighty-eighth year of service to the youth of Bay St. Louis and environs, to Mississippi and the States of the deep South. A century of good work is within reaching distance. Such a record is enviable. The number of its graduates nears the thousand mark, and the great number of boys and men who have felt its influence is countless.

Saint Stanislaus has passed through three major wars in which our nation has been engaged, and with the help of God, it shall survive this one, to continue the great work of developing youth under the benign influence of the broad and tolerant spirit of American Democracy.

The venerable institution is the realization of the dream of Rev. Father Buteaux, who visualized a strong educational institution on the Coast which would turn out each year numbers of young men of high ideals and staunch character, imbued with a sturdy faith in an eternal destiny, who would work diligently for the advancement of Holy Church in the Southland, be leaders among men, and stand true to the ideals of the founding fathers of the Republic in upholding the four freedoms reiterated a short time ago by our President.

Father Buteaux confided his dreams to Brother Polycarp, then Superior General of the Brothers of the Sacred Heart, who responded by sending five Brothers to Bay St. Louis to lay the foundations of the infant establishment. These men were sorely tried, but the school was running fairly well when its work was interrupted by the Civil War. Some classes were maintained, but in New Orleans. After the War Saint Stanislaus resumed its classes interrupted in 1861, and soon the school was flourishing again.

Its next great disaster was the fire of 1903, which destroyed in one short night the work of half a century. Courage was not lacking, and the Brothers set out to reconstruct on a greater scale than before. The present beautiful buildings, added to from time to time, are the results of their farsighted planning.

Saint Stanislaus flourished and increased in prestige and numbers throughout the first quarter of the twentieth century. It was because of this momentum which it gained that it was able to weather the lean years of the Great Depression when so many other boarding schools succumbed to the times never to rise. Once again a major war finds it in a flourishing condition and turning out large numbers of young men capable of taking their places in the forefront of the world's strife.

Education, particularly that of the primary and secondary schools, has undergone many changes since Saint Stanislaus first opened its door to youth, some of them useful and others mere fancies of politically minded school men. Saint Stanislaus is proud of its system that has graduated men prepared to meet the hard knocks in the school of life. While avoiding fads, it has been ready to incorporate into itself the best thought and practice in the educational world. Such a system, far from tending to render its charges soft and enervating, makes them men of staunch discipline and deep sense of duty, always so necessary in such an era as that in which we are now living.

### BONDS FIGHT THE AXIS

THE American people will decide whether or not the nation will be forced to adopt and accept compulsory purchasing of War Bonds. According to Secretary Morgenthau, it was necessary for us to buy \$1,000,000,000 worth of these bonds each month. If we do that voluntarily there will be no need for compulsion. If we don't, compulsion will be inevitable.

Some may wonder why the government can't pay for the war simply by selling more bonds to banks. Secretary Morgenthau recently pointed out that excessively heavy bank purchases are inflationary. "Because when commercial banks buy Government Bonds they do not pay for them with actual cash taken from their vaults, but by placing on their books newly created deposits to the credit of the government. When the government draws upon these deposits to pay for the goods and services it buys, the purchasing power of those to whom these payments are made is increased without any decrease in the purchasing power of those from whom the money is borrowed."

Increased purchasing power combined with a decreased supply of goods is the certain road to disastrous inflation. The government wants you to buy bonds with every nickel you can spare—and it wants you to deny yourselves luxuries so you can buy more. No man can make a better purchase than the securities which buy weapons to fight the Axis.

### DO NOT HELP TO DESTROY OUR CONGRESS

IS there a movement on foot in this country to destroy Congress? Are the newspapers of this country aiding in this movement? It would be hard for us to believe that this is true. However, each day, criticisms are directed at the membership of the Congress of the United States upon the slightest provocation.

This past week much was said about members of Congress receiving X-gas rationing cards. We are informed that in the City of Washington 15,000 X-gas rationing cards were issued. There are only 98 senators and 435 members of the House of Representatives, making a total of 531 members of Congress. There is quite a difference between 531 and 15,000, yet no criticism was directed to the other persons receiving the X type card.

In this 15,000 was not included members of the army and navy, to whom it was not necessary to issue rationing cards. Why then was criticism only directed at the members of Congress? These men are patriotic American citizens. They are elected by the people for the purpose of making the laws of the country. If we entrust into the hands of these men the making of our laws, we should have enough confidence in them to realize that they too are prepared to make sacrifices, and that certainly they would not attempt to use to excess any materials or supplies necessary to the winning of this war. They make the appropriations from which all of the administrative officials of the Government are paid. Congress is one of the three coordinate branches of government. In the Constitution it is placed first, and in doing so, the makers of our Constitution were correct, for if the legislative branch of our government were abolished or weakened to the point of being a mere rubber stamp, then we would find ourselves in the position of being governed by a government similar to that of Germany.

We have gone just a little too far in this country, to belittle and sneer at the Congress. When we attempt to make it appear that the Congress is unpatriotic and looking out for their own comfort, because they obtained unlimited gas rationing cards, we are striking at the very seat of our Government. We are trying to make people lose faith in the branch of our Government, wherein a greater faith should be established.

It is our belief that the members of Congress, even though they may differ in opinion, are all patriotic Americans who would give all that they possess, even their lives, for the salvation of their country. However, we are of the opinion that there are men in this country who are striking at the very heart of our form of government and who would not hesitate to destroy it for their own personal gain.

We believe in criticism and we believe that it is one right that the American people have. We believe that all criticism should be constructive and not destructive. We believe that a person can learn much from constructive criticism, whether he be President, Senator, Congressman, or what not.

Since the declaration of war this country has put on a united front. Apparently this does not please some people, and for this reason we believe that the criticism now being heaped upon Congress, which heretofore had been heaped upon the President of these great United States, is being cast with the thought in mind that national unity might be destroyed.

It is our belief that the newspapers of this country can do a great deal to help win this war. They can help mould public opinion to hold a united front. However, on the other hand they can continue to heap abuse and criticism upon the branches of our Government and help destroy the fundamental principles from which it arose, thereby helping our enemies in their fight to spread discord in this great nation. Are we to allow this to happen?

We are of the opinion that if sober thought is given by the newspaper men of this country, that this propaganda will cease. If a member of Congress deserves criticism, single that member out and direct the criticism at him personally but do not charge all of the members of Congress with the sins of one, or of a few members. We believe that if a member of Congress is not worthy of holding this position, that he should be removed from office, and it is our firm belief that the people of the respective districts, or of the respective states, are able and ready to remove from the Halls of Congress, those members that they feel are not capable of serving their constituency and their nation.

It is our firm belief that the American Creed as written by William Tyler Page, former Clerk of the United States House of Representatives in 1917, and accepted by the House of Representatives in behalf of the American people on April 3rd, 1918, should be the creed of the American people at all times, and if this Creed is followed any attempt to destroy our form of Government will cease.

This Creed is as follows:  
"I believe in the United States of America as a Government of the people by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign Nation of many sovereign States; a perfect Union, one and inseparable; established upon those principles of freedom, equality, justice, and humanity for which American patriots sacrificed their lives and fortunes."

I therefore believe it is my duty to my country to love it; to support its Constitution; to obey its laws; to respect its flag; and to defend it against all enemies."

### Hancock County Men in "The Service"

The Sea Coast Echo wishes to advise the parents or relatives of any of these men that it will gladly mail a copy of the paper to the boys if their address is given to the office.

The newspaper will bring direct to the men away from home news of what the folks back home are doing and we hope this service will be one which they will enjoy.

The following list of names was supplied The Echo and should any service man's name be omitted it would be appreciated if it would be sent in.

## Navy School at G.E.

Just one evidence of the cooperation between the armed services and our vast industrial army—a school for submarine electricians conducted at one General Electric factory.

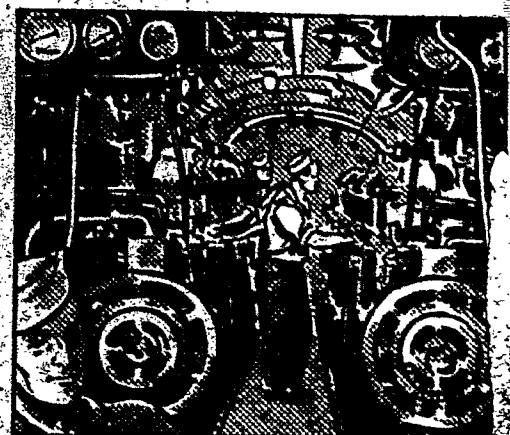

1. Electricity is vital to the running of every submarine. It does an amazing variety of important jobs, from turning the propeller to cooking the coffee.

2. For that reason, there must be well-trained electricians on every underwater craft. At this school, Navy electricians attend classes taught by G-E engineers.

3. .... and go out into the shops where they watch workmen construct the same kind of electric equipment that will some day be put in their charge.

4. This is but one proof of the thorough training which the U. S. Navy gives its men, so that the vital equipment of war will always be ready for action.

General Electric believes that its first duty as a good citizen is to be a good soldier.

### HOME Agent Notes

Some rules for Canning

TWO hours from garden to can is a good rule. Can fruits and vegetables immediately after gathering to keep natural food values and prevent spoilage in the product. Carry every step of the canning process through rapidly to conserve nutrients. None of the minerals need be lost if the liquid in which products are precooked is used to fill up the containers and if entire contents of container is used.

Follow these rules for best results: 1. Gather products fresh the day they are canned. 2. Do not bruise or break skins; mold may get in or decomposition set up. 3. Sort into piles according to size and maturity. 4. Do not expect under-ripe and over-ripe fruits or vegetables to make first quality canned products. 5. Wash carefully to remove soil. 6. Prepare quickly and in sufficient quantity for only one cooking. Products heated or peeled and left to sit for hours will lose their fresh flavor and break down in texture. 7. Follow directions for precooking; tests have been made to find the time and temperature network, Sundays, 4:30 eastern, giving the best results where the foregoing rules have been observed.

8. Process immediately products that have been prepared or precooked. Flat sour occurs most often between 50 and 60 degrees Fahrenheit.

### Recipe for Berry Canning

Place whole and sound berries in one container and broken, bruised, or underripe berries in another container. Wash without bruising; drain quickly. Fill jar with the whole berries, shaking them down into position. Use the broken berries to heat and crush to extract juice. Fill the spaces in the jar with this juice; partially seal and process quarters 25 minutes at boiling. Seal and store in a dark place. Color of the juice and desirability for jelly making is improved if a few under-ripe berries are used. Sugar or sugar substitute may be added when fruit is seared; juice then may be drained, sweetened, and served as a beverage or made into jelly.

Beware of so called "peddled acids" peddled over the state. These products destroy much of the food value of fruits and vegetables. Many such products contain chemicals harmful to the digestive tract. One sales talk used is that with reduction of the sugar used, canned products will not keep without the use of a preservative. This is untrue. Housewives can obtain dependable information from Extension Canning Bulletins from Home Agent's Office.

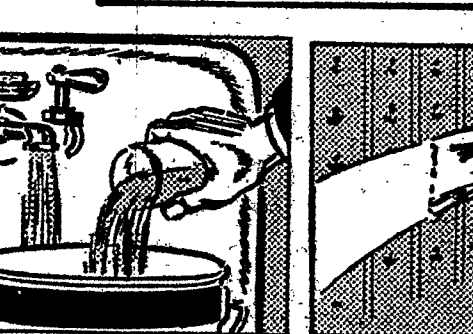

The Nutrition program is being featured this week in a number of radio programs, in connection with the anniversary of the National Nutrition Conference. These programs include the national Farm and Home Hour, and also, "Listen America" for precooking; tests have been made to find the time and temperature network, Sundays, 4:30 eastern, giving the best results where the foregoing rules have been observed.

### Army Specialist Corps

The War Department is now accepting applications for the Army Specialist Corps, which will enroll business executives, specialists, and scientists for non-combatant jobs. Applicants accepted for service are, like the men in the armed forces, subject to duty anywhere.

The immediate need is for the following: electrical engineers, radio technicians, mechanical engineers, chemists, chemical engineers, aeronautical and automotive mechanics, geologists, personnel directors, occupational specialists, statisticians, and transportation experts. Many other types of experience will be called for later.

Members of the Corps will wear a distinctive uniform and will have ranks similar to those in the army. The pay for officers will range from \$2600, to minimum pay for second lieutenants, to \$7,500, the maximum pay for lieutenant colonels. Non-commissioned officers will receive from \$1,800 to \$3,500. Skilled workers enlisted in the Corps for work in the field will receive the prevailing wage. There will be no allowances for food, board, or travel from home to the initial station, and they must buy their own uniforms. The members will be subject to Army discipline, except that they will not be required to salute or to be saluted.

No one will be accepted without the approval of the local draft board, and the Corps will be made up almost solely of men in class 3-A and 4-F, who are deferred from service. The physical standards will be much lower than for the Army, the requirement being simply that a man must be physically able to perform the duties for which he is enrolled.

An application may be secured by writing the Army Specialist Corps, War Department, Washington, D. C.

### 3 1/2 Per Cent Farm Loans

The House Rules Committee, of which I am a member, has given the green light to the bill to continue the present interest rate of 3 1/2 per cent on farm loans. Congress has three times extended this rate, which saves the farmer from 2 per cent to 2 1/2 per cent on his loans, and the present legislation would have expired on June 30 of this year.

### "Women's Army"

I have received requests from a number of women for information concerning the new Women's Army Auxiliary Corps which is to be formed. In about two weeks those who wish to apply for Officer Training Schools may obtain applications from their nearest U. S. Army recruiting station. These applications must be called for in person but may be returned by mail. Because the Officer Training School candidates will be recruited on a regional basis, no application sent to Washington or to the War Department can be considered. Each of the nation's nine army corps areas will recommend 60 women for officer training, and the first group will be selected from among these candidates and sent to Fort des Moines, Iowa, for training. This training will begin about July 15; and the recruiting of auxiliaries (privates) for the new corps will begin about three months thereafter. Officer candidates must be from 21 to 45 years of age, with high school education and good health, and be of excellent character. Pay will run from \$21.00 a month for newly recruited auxiliaries to \$166.67 a month (and subsistence) for First Officers. The corps will free men for combat service.

### The Maws of War

Here are the facts that explain why it is necessary to ration gas and rubber and oil: A battleship takes 840,000 gallons of fuel oil—enough to heat a house for 350 years—at a single loading. A four-motored bomber flying from London to Berlin and back—about 1200 miles—uses 4,560 gallons of gasoline, which is enough to drive an automobile 75,000 miles. It requires 50 gallons of gasoline to warm up a big bomber for the take-off. A battleship requires enough rubber to make tires for 3,000 cars, and the blue-print paper alone for the working plans of a battleship weighs 15 tons. One oil tanker transports as much oil as four freight trains of 70 oil cars each, and many tankers are being sunk.

### MRS. ELISE BACHEMIN LIZANA, DIES AT HOME OF DAUGHTER, SUNDAY

Mother of Mr. Victor E. Lizana and Mrs. Otto Roemer

Mrs. Elise Bacheman Lizana died suddenly on Sunday night at the home of her daughter, Mrs. William Swoboda, 2003 Frenchman street, New Orleans.

Mrs. Lizana was eighty-three years of age and a native of New Orleans and the wife of the late Francis P. Lizana of Pass Christian. She was the mother of seven children, three of whom have lived on the Coast the greater part of their lives and are prominently connected, and with whom Mrs. Lizana had visited often.

Funeral services were held at ten o'clock on Tuesday morning from the mortuary of Jacob Schoen & Company, 527 Elysian Fields Avenue, with religious services at the Our Lady Star of the Sea Church and interment in St. Vincent de Paul Cemetery.

Surviving Mrs. Lizana are Victor Lizana and Mrs. Otto Roemer of Bay St. Louis, William J. Lizana of Pass Christian, Mrs. William Swoboda, Mrs. Martin Farrell, Dr. F. J. Lizana and Florian J., the latter four of New Orleans.

### SOLDIER FOR SENATOR CLUB ANNOUNCED

Roland B. Wall Campaign Manager Invites Membership

Inaugurating a new idea in Mississippi political races, Jim Cassey of Brookhaven, state campaign manager for Roland B. Wall, today issued an invitation to the voters of the state to "Join the Roland B. Wall Soldier for Senator" Club.

The invitation gave Mississippians an opportunity to put their money and their vote on Roland B. Wall, "The Soldier Candidate" for the United States Senate from Mississippi, and asked them to "Join hands with 'Soldier-for-Senator' Wall, who spent two years in France with the AEF in World War Number 1, and help him now fight for Democracy in Mississippi."

The invitation continued: "Do away with machine politics and dictatorship. He will not kneel to any dictator, foreign or native! Help make him Mississippi's two-fisted, non-political Senator!"

In an advertisement appearing in every newspaper in Mississippi, a membership coupon makes it easy for Mississippians to "Join the Soldier for Senator Club" and in joining, they authorize Campaign Manager Cassey to "Kick politics out and to make Roland Wall our non-political, Soldier-Senator in this hour of crisis."

### ORTTE THEATER PRESENTS "GANG BUSTERS"

Taken From Radio's Famous Program

Universal Studios after trying for two years to secure the copyright of the famous radio program "Gang Busters" finally succeeded in doing so and has molded it into a chapter play that is proving to be the best yet turned out from the studios of master serial producers.

The management of Ortte Theater, ever alert for the newest and latest in entertainment, after much dickering and negotiating was successful in securing "Gang Busters" for its first Gulf Coast showing.

Kent Taylor outstanding feature star has the leading role, supported by other stars equally as well known such as Irene Hervey and Ralph Morgan.

The program "Gang Busters" which gave many thrills over the air will do the same on the screen only more so because the action can be seen as well as heard. Each chapter is a featurette in itself and will be of interest to people of all ages.

Don't fail to see the 2nd Chapter of "Gang Busters" this Saturday night, May 30 along with the two big features "Racing Blood" and "Texas Marshall" and that outstanding novelty "Race Night," all entertainment you can't afford to miss.

### Death of Patricia Bordages Mourned Here

The tragic death of Patricia Bordages, thirteen year old school girl, who was killed last Friday morning while on her way to Our Lady of the Sacred Heart School in an automobile collision in New Orleans, brought sorrow to several families here as this little girl was the daughter of Peter Bordages a native and former resident of Bay St. Louis, and niece of Mrs. Julius Schwall, Mrs. Clara Sherer, Mrs. S. Peterson, Mrs. A. Schindler, and Mrs. A. Kingston.

Patricia, with her two sisters, was on her way to school in the family car when the fatal accident occurred on Claiborne avenue. Funeral services were held from the auxiliary home of Jacob Schoen & Company, North Scott and Canal Streets, with religious services, in St. Mary of the Angels Church, and interment in Greenwood cemetery.

### "JOHNNY EAGER" AT A. & G. THEATER SUNDAY-MONDAY

With the highly inflammable combination of Robert Taylor and Lana Turner, and a fine supporting cast which includes Edward Arnold, Van Heflin, Robert Sterling, Patricia Dane, Glenda Farrell, Henry O'Neill and Diana Lewis, in an exciting melodrama about the life of a gangster, there are definite values to exploit in this picture.

While the hero and central character in "Johnny Eager" is utterly devoid of principle, and is a notorious gangster and racketeer who runs the gamut of crime from murder down, he nevertheless does reform, although this occurs almost at the end of the picture, and pays for his criminal practices with his life.

Robert Taylor enacts "Johnny Eager," ruthless racketeer who stops at nothing to gain his ends. The picture opens with Taylor reporting to his parole chief and making a prelude of living honestly. Then his true character and racketeering methods are revealed. Having met and been attracted to Lana Turner, a sociology student, he does not hesitate to implicate her in murder, in order to force her step-father, the district attorney, to permit him to open a dog-racing track. Eventually, he reforms to the point of proving to Lana that she was innocent of murder by producing in person the man she thought she killed, sends her away with her fiancé, and loses his life.

This is a new type of role for Taylor and he does very well. In spite of the fact that he is a reprehensible character, he arouses one's sympathy. Lana is quite luscious as the girl who loves not wisely, but too well, and particularly fine performances are turned in by Edward Arnold as the step-father district

### Children of Mary Society's Annual Crowning Held Friday

The Children of Mary Sodality of St. Joseph Academy marched in an impressive procession headed by Miss Eleanor Swanner carrying the Sodality's banner in their annual Crowning of the Blessed Virgin and reception into the Sodality of a large class of candidates on last Friday afternoon.

The six graduates of the Academy in cap and gown marched into church along with a number of high school girls who were dressed in evening dresses in the pastel shades and carrying large arm bouquets of lilies and with white wreaths upon their heads. The prefect, Miss Rosalie Ambler, valedictorian of this year's graduation class, followed the procession and placed the gold crown upon the statue's head which was carried in church on a satin pillow by little Miss Karen Kergosien who wore a floor length white sheer dress and white wreath.

Very Rev. Father A. J. Gmelch, Pastor of Our Lady of the Gulf Church, welcomed the candidates into the Sodality and after this service, Benediction of the Most Blessed Sacrament followed with singing by the student body of the Academy.

The following young ladies were received into the Sodality of the Children of Mary: Margie Green, Jane Garcia, Josephine Castro, Lina Maria Lopez, Mary Jane Donlin, Patsy Kehoe, Charlene and Myrtle Martinovich, Anna Pitolo, Alma Ploje, Rose Richardsop, Ruth Tucker and Evelyn Tudury.

The maids were Betty Barker, Mary Drew, Marie Therese Staehle, Mary Margaret Schmidt, Carol Stevenson and Raye Vairin. attorney and Van Heflin as a friend of Taylor's, whose utterances will be appreciated by lovers of fine dialogue.

# A Week Of The War

President Roosevelt, in a special message to Congress reduced his WPA request for fiscal 1943 from \$465 million to \$283 million. He said the war effort is drawing workers from every available source, thereby reducing the need for a work relief program. To meet labor shortages, he said, even organized migration of workers may be necessary. The revised WPA program would provide for an average monthly employment of about 400,000 workers "who will not be hired by private employers because of age, lack of skills, or other handicaps."

Chairman McNutt of the War Manpower Commission directed the U. S. Employment Service to maintain lists of skilled occupations essential to war production in which a national shortage exists, and to make preferential referrals of workers to employers in war industries. He directed the WPB to classify war plants and war products in the order of their urgency to the war program. He also instructed Selective Service local boards to confer with local U. S. Employment Service offices before reclassifying any men skilled in war occupations.

Mr. McNutt said it is possible to insure full utilization of manpower through voluntary means, "it will be unnecessary to put into effect legal controls" to limit freedom of action of workers and employers. He said compulsion "may from time to time be necessary," however, in the administration of the manpower program. He stated four-fifths of all jobs in vital war industries can be handled by women.

The WPB said if Americans do not conserve the transportation miles in their times it may be necessary eventually to transfer automobiles and tires to communities where they are needed more. The Board reported no rubber can be spared in 1942 or 1943 to make new tires for ordinary passenger cars, because the armed forces need all the rubber the nation can master from its stockpile, synthetic program and greatly curtailed crude sources. The synthetic program might produce 30,000 tons of rubber this year and 350,000 tons in 1943, the Board said.

Price Administrator Henderson reported a preliminary count of car owners in the Eastern rationing area showed about 10 percent received X ratio cards, 31 percent received A cards, 11 percent received B-1 cards, another 11 percent received B-2 cards, and 37 percent received B-3 cards. The OPA ruled X cards must be surrendered if the essential purpose for which they were issued does not cover "substantially all" of the use of the car for which they were provided.

The Armed Forces... House and Senate conferees agreed on legislation to increase the pay of privates and apprentice seamen to \$42 per month, and of privates first class to \$48, and to provide pay raises for the other ranks of enlisted men. President Roosevelt set June 30 as the registration date for young men between the ages of 18 and 19 and for those who reached their 20th birthday between December 31, 1941, and June 30, 1942. Only men 20 or older are subject to military service under the Selective Service System.

The Navy announced it will begin recruiting about 1,000 Negroes a month on June 1. The Marine Corps first reserve battalion of Negroes will recruit about 900 men during June and July. The Marine Corps also reported it will waive certain physical requirements in order to present commissions to civilian specialists 20 to 50 years of age. The Army doubled the quota of 111-A SS registrants it will accept monthly as volunteers for officer training.

The War Front... President Roosevelt said the U. S. still faces the prospect of a long war, and overly enthusiastic optimism about its progress is not justified. The President presented the Congressional Medal of Honor to Brig. Gen. James H. Doolittle who led the party of 80 men who bombed the Japanese mainland in Army B-25.

## Protection of Civilian and Essential Facilities

The President announced the Federal Security Agency, Office of Civilian Defense and Red Cross have agreed upon a coordinated plan to assist civilian victims of enemy action in this country. The OCD Emergency Medical Service will have immediate responsibility for care of persons injured by air raids or shelling, and emergency feeding and housing will be under OCD local defense corps. The Red Cross will furnish supplementary equipment such as ambulances. The President directed the OCD to formulate (with War Department approval) a facility security program to protect essential facilities such as highways, communication systems, utilities and mines against sabotage, and to correlate it with such programs already placed in effect by the Army, Navy and Federal Power Commission.

## Scrap Metal and Rubber

Q. Edward Gatlin, state director of the WPA in Mississippi, announced that the WPA has available for the purpose of scrap metal and rubber the sum of \$470,000, which is being spent for this scrap under a state-wide project, sponsored by the War Production Board. They hope and expect to collect at least 100,000 tons in Mississippi, and would like to make it more. This is a fine opportunity for those who have any old metal around the home or farm to get it into cash and at the same time help the war effort.

## Sen Succeeds Father

Wendell R. Holmes was elected circuit clerk of Pike County in a special election held on May 19th. Mr. Holmes was serving by appointment of Gov. Johnson as the successor of his father, D. M. Holmes, who died recently after serving that county as its circuit clerk for 29 consecutive years.

## 40 Mile Speed Limit

It seems that Gov. Adkins, of Arkansas, is making an effort to have the states in this section of the country proclaim a 40 mile per hour maximum speed for automobiles. When the matter was brought to the attention of Gov. Johnson he stated that he was in sympathy with the movement but he had no authority to issue and enforce such an order. It is understood that many people have voluntarily adopted the 40 mile rate as a basis in order to conserve tires.

## Re-Elected Mayor

James D. Arrington, editor of the News-Commercial of Collins, has been re-elected mayor of his home town of Collins without opposition. Mr. Arrington is one of Mississippi's best known editors and public speakers.

## Gas Tax Down

Gasoline tax collections for the month of April, as reported by Motor Vehicle Commissioner Frank Mize, amounted to \$1,077,792. For same month in 1941 the amount collected was \$1,274,898.99, a reduction of \$197,106.99. This is something the state is watching very closely for the good reason that the outstanding road bonds are to be paid out of this gasoline collection, and if it should fall far short and be inadequate to meet the bonds as they come due it would probably be necessary to convene the legislature in extraordinary session to remedy the situation by issuing general state bonds or curbing the matter in some such way. If rigid gasoline rationing goes into effect in the Southern states it will create an emergency in this state that will have to be dealt with promptly.

## Nurses Wanted

From Maxwell Field, Montgomery, Alabama, the call comes that the United States Army wants at once 40,000 trained nurses. The pay will be from \$840 to \$1,560 per year, with all uniforms, clothing and maintenance furnished. Applicants must be graduates of approved schools and currently registered in the state where they live. Age limit from 21 to 40 years, married women not taken, but widows and divorcees are accepted.

## Sugar Rule Relaxed

Reports from Washington indicate the OPA will relax its iron-clad rule of sugar rationing to the extent of supplying, in addition to the half pound a week to each person, a certain amount under such certain conditions.

## NOTICE TO BIDDERS

Sealed bids will be received by the Board of Mayor and Commissioners of the City of Bay St. Louis to be delivered to the Clerk of this Board not later than 10:00 o'clock A. M. on June 1st, 1942, for furnishing of Bay St. Louis, Mississippi, Highway Department Specifications, Section 120-14, Copies of said Specifications are on file in the office of the Clerk of this Board.

The successful bidder shall furnish bond in the sum of \$2,000.00 for the faithful performance of his contract.

The Board reserves the right to reject any and all bids, waive all formalities and award contract to the best interest of the City of Bay St. Louis.

The said material shall be delivered as and when ordered at places in Bay St. Louis to be designated by the Mayor and Commissioners.

conditions to housewives to be used in canning and preserving fruits and vegetables. This will be good news to many families in the state who engage in extensive canning every summer.

## Rowland's Portrait

A fine oil portrait of the late Dr. Dunbar Rowland, who served for around 35 years as director of the State Department of Archives and History, now hangs in the Hall of Fame in the Department of Archives and History, War Memorial Building. Dr. Rowland served for around 35 years as the state's official historian and keeper of the archives. The picture was painted by Marie Hull, Jackson artist.

## Raking Around

At last the government has whipped the moonshiners, on sugar rationing, as they can't sign up and can't get it without signing. Gus Draper, former chief engineer of the state highway department, has been called into military service, commissioned as a major in the engineering corps. One family at Damascus is said to have registered 13 guns of different kinds in the recent registration of firearms. The high hopes of Okolona in getting an oil well faded out when it was declared "a dry hole." A show of oil has been found in a new well near Vicksburg. The Magnolia Gazette issued an attractive special edition on May 14th. That paper is in its 65th year. A report out of Washington, by the United Press, but entirely un-official says that there may be general rationing of gasoline by July first. Ralph Burns, formerly of Jackson, has been given the rank of captain in Camp Bowie, Texas. Nick Waters of Baldwin has been named on the State Board of Embalmers, by Gov. Johnson. Fred P. Wright has been appointed by Gov. Johnson as county attorney in Monroe County, to serve while Richard Booth is in the army.

Trained with Crawford is a thirteen-months-old baby, young Harold Michael Barnitz, playing his first role in pictures, but definitely not his last, by a long shot. Porter Hall also has a prominent role.

## Letters of Appreciation

From Pvt. John D. Chase, Company K, 142nd Infantry, 36th Division, Camp Blanding, Florida.

"Dear Mr. Favre: I received The Echo and think it was thoughtful of you to send it to me and to all the other boys. The Echo is a very interesting paper and I know that every soldier likes to hear how things are going along in his home town. I think it makes a soldier's morale higher than what it is.

There is only one Bay boy, besides himself, who is down here in Blanding. He is Albert Beam, a Member of Co. A, 141st Infantry, 36th Division. He asked if you would please send him the Echo, because he comes over every Sunday and reads my Echo, and he really does enjoy it. Please send it to the address given above.

Do wish you the best of luck, and thanks!

PVT. JOHN D. CHASE."

From Pvt. Ernest A. Chatham, 404th Technical School Squadron, Barracks 381, Sheppard Field, Texas:

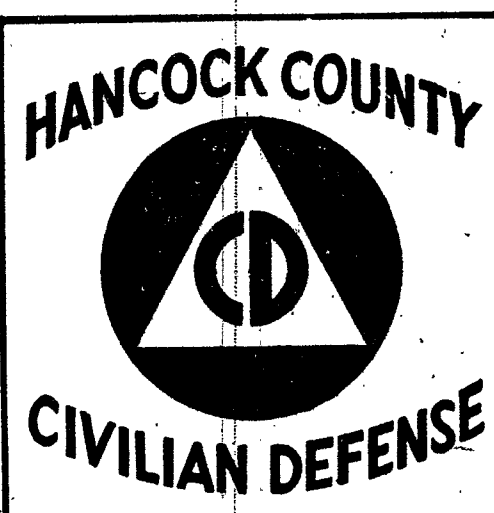

"Dear Sir: I have received two copies of the Echo and certainly do appreciate it and thank you for your thoughtfulness in sending the boys in service the news of good Old Bay St. Louis.

I have read with interest all the names of the boys from Hancock County who are either in the service, or who are about to be inducted, and find that I know most of them and wish them the best of luck. I also wish to add my thanks to the various organizations that are doing their part in our war effort. Keep up the good work!

In closing, I wish to thank you again and best wishes to all. I remain,

PVT. ERNEST A. CHATHAM.

## Good News to All Fishermen

THE film, "Let's Go Fishing Again," will be shown in Bay St. Louis on June 5th. This picture should be of interest to all who fly fish or otherwise. The place of the showing will be announced later.

Better see it.

Judge Rene Viosca and daughter caught some nice green trout and other species Sunday. The Judge has gone to using the fly rod.

Albert Hill entertained his brother, J. B. Hill over the week end. J. B. used a fly rod for the first time. Was he thrilled.

Walter Favre, who is enjoying a week's vacation from his duties at the postoffice is spending most of the time out after the "winny tribe." Walter is one of our veteran fishermen and really gets his share.

Boats and bait can now be secured at both ends of the seaway. This is a real treat for many who enjoy fishing in outside waters or up the river.

Do you like to catch "White Trout"? If so you can have some fun catching these beauties in front of St. Stanislaus College pier.

Many large catches have been reported lately.

Soft crabs and flounders are being caught every night. No excuse for not going after them.

The low tides of evenings are welcomed by the many fisherman hereabouts.

"Hard crabs are plentiful and biting like 'nobody's business,' is the report coming from all sources.

Dr. E. S. Baker, of Union street has been getting his share of fish and crabs. He is an ardent fisherman and really enjoys this sport.

## Vacation Church School At First Methodist Church

The Vacation Church School will begin June 1st at the Methodist Church. The school will be open to the children of the church from the ages of 3 to 11 years old. The teachers chosen to lead the groups are Rev. A. M. Ellison, director; Mrs. C. M. Shipp, Mrs. W. W. James, in charge of the primary group; Miss Mae Colson, Mrs. A. M. Ellison, in charge of the beginners; Miss Elizabeth Parker will be pianist for the school. The school will open at 9 o'clock and close at 11:30 each day throughout the week and all children are urged to be on time Monday morning to register.

## PRETTY GARDENS

At present the gardens about Bay St. Louis are beautiful with tall stalks of Easter lilies, long paths to many homes being lined with these beautiful and fragrant blooms.

At the Max Kohlers, thousands of lilies are in bloom at present.

Also, a pretty sight at present is the yard of Mrs. John Weston which abounds in pretty larkspur.

The fences of the Roland Weston home on South Beach are covered with pink and white Dorothy Perkins roses and are a lovely sight.
